

## **TRUSTEES**

### **Sarah Atkins - Chair**

I became a Trustee in 2022 and although I already knew a bit about the field, I am amazed by how well the field is used and what a valued resource it is for schools and mental health charities. I have a legal/commercial background. I spent my childhood in Wales and know how important it is for children to have an understanding of nature.

### **Felice Oxborrow – Company Secretary**

Pensford Field is an oasis of green calm in the heart of Kew Village and it has been a pleasure to serve as Company Secretary for a while now. I love seeing the seasons bring their changes to the Field and enjoy helping to provide a facility to the community. It was particularly heartening to maintain a green space that was important to visit for many during lockdown.

### **Harriet Enthoven – Treasurer**

Our garden backs onto the Field, which I think is an unusual and special place in a suburban area. My background is tax accountancy and I'm the Treasurer.

### **Mary Smith**

Pensford Field has been referred to as a jewel in the heart of Kew. As a child I was fortunate to grow up surrounded by fields and trees which instilled an everlasting love of nature; I hope that all our children will have similar opportunities.

I am in my early seventies and have been on the committee of Pensford Field since 2012 when I was first Chair. I have been a resident in Kew on and off since the 1980's (both my children were at Queens School)

### **Richard Ferriday**

I have used the field for years to bring children's groups to use the site. I was asked to join the committee as I might be somebody that would be able to have an idea how it could be used by schools and young people's groups. I currently take bookings for the field.

### **Sonia Mohindra**

### **Diana Dunrossil**

## **MEMBERS**

### **Bob Gingell**

I am a retired chartered engineer with an interest in the natural world. I have been a trustee since November 2020 and I am responsible for organising the regular working parties held during the summer months.
